

## Local transportation is both economical and punctual

Need to get around Ansbach, but don't have a car, learn to ride the city bus system. Bus tickets can be purchased either on the bus or at the Ansbach train station. Timetables for the bus that stops outside the Katterbach Kaserne are available at ACS. ACS' Newcomer's Orientation explains the bus system with an actual ride on the bus at the orientation. Further information regarding the bus system and its services to surrounding towns can be found at the Ansbach train station or at:

<http://www.vgn.de/komfortauskunft/auskunft/ergebnis/?Edition=en>. If you need more information about the commercial bus stops, contact ACS at DSN 467-2279.
